

Tyvek[®] protective apparel recycling program

DuPont[™] Tyvek[®] is proud to offer a garment recycling program that helps our customers within the continental United States manage used Tyvek[®] and IsoClean[®] protective apparel and reduce waste. The program includes setup, collection, transportation, storage and recycling of garments.

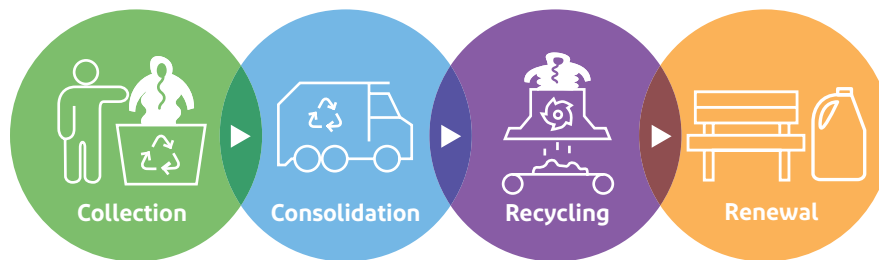

Why recycle?

The Tyvek[®] protective apparel recycling program offers the chance to divert garments away from landfills and give them a second life in products like containers, lumber pallets and park benches.

Predicted savings

For every case of 25 Tyvek[®] coveralls that is recycled, 10 lbs. of Tyvek[®] are diverted from the waste stream and given a second life in products like pallets and park benches. DuPont offers this service for free to qualifying customers. On an annualized usage basis, the savings really add up.

Recycling process

DuPont sustainability

Sustainability is at the core of what we do—from reducing our operational footprint and creating market-facing sustainable solutions to addressing the global challenges of the future. This program is yet another example of the DuPont commitment to sustainability. The Tyvek[®] protective apparel recycling program is easy to participate in and is a cost-effective and responsible choice.
